Apple Pay[®] Is Here!

Apple Pay is now available with your Novo CU Debit Mastercard. Using Apple Pay with your preferred Apple device is faster than using your physical debit

card and safer too. You can make secure purchases in stores, in apps and on the web. You can even send money to friends and family within your Messages app. Using Apple Pay is safer than using your physical card because when you make a purchase, Apple Pay uses a device-specific number and unique transaction code. Your card number is NEVER stored on your device or on Apple servers and it's never shared with merchants. Learn more about the great features Apple Pay has to offer at <https://support.apple.com/apple-pay>
